

FEEL GOOD e-Magazine

THE LIFESTYLE MAGAZINE

This magazine is unique!

In addition to classic editorial topics and advertorials, we offer our partners the opportunity to insert image films, advertising trailers, moving image content, music or links to the homepage. This has never been done before!

And because we all want the good things in life as quickly as possible, we are setting an innovative impulse in the magazine world. True to the motto: love it, click it, shop it. With just one click or finger tap on the product or video, the reader gets more information or is directly forwarded to the checkout of the online shop. Super easy!
